## PURPOSE

To describe the process of conducting Environmental Tours.

## POLICY

Environmental Tours at Los Angeles General Medical Center are conducted to identify environmental deficiencies, hazards, and unsafe conditions. The Tours shall be conducted at least every 6 months in all patient care areas. They shall be conducted at least annually in non – patient care areas.

## PROCEDURE

The facility’s Administration, Regulatory Affairs, and/or the facility Safety Officer or its designee shall coordinate the Environmental Tours. The tours shall be conducted by appropriate staff, which may include members from:

Administration	Epidemiology
Clinical Engineering	Facilities Management
Environmental Services	Environmental Health and Safety
Area Manager or Supervisor	

The Tours shall evaluate the effectiveness of previously implemented activities intended to minimize or eliminate risks in the environment.

Whenever appropriate, trends and issues identified in the Environmental Tours shall be reported to the Patient Safety Committee, Senior Executive Council, Medical Center Quality Improvement Committee and/or other groups to assist in identifying systems-related issues and priority areas for performance improvement activities.
