POLICY:

Rancho Los Amigos National Rehabilitation Center (RLANRC) has a Management of Information Plan that outlines the processes by which the organization obtains, manages, assesses, and uses the information to enhance and improve individual and organizational performance in patient care, governance, management and support processes. In keeping with the mission of RLANRC, it is recognized that information management is a key component in providing high-quality patient care. The Plan is evaluated at least annually by Information Management Services to reflect current practices. The plan is approved by the Facility Chief Information Officer.
