POLICY

Clinical Pharmacist Activities

Clinical Pharmacists serve as consultants to physicians, nurses, and other allied health members by providing drug information, monitoring patient's drug therapy, participating in patient team rounds and conferences and presenting in-service education to staff members.

Clinical Pharmacists are actively involved in the following areas:

In-Patient Areas

- Physician Rounding
- Drug Information
- Medication Dosing and Monitoring by Protocol-Clinical Pharmacist Consults
 - Anticoagulation Therapy (Warfarin) Monitoring
- Adverse Drug Reaction (ADR) reporting follow-up
- Staff Educational Inservice
- Committees:
 - Pharmacy & Therapeutics Committee
 - The Joint Commission Focus Committees
 - VTE Initiative
- Pharmacy Student Training Program

Out-Patient Areas

- Anticoagulation Clinics
- Nursing Inservice
- Pharmacy Student Training Program
