POLICY

Pharmacists

1. The California State Board of Pharmacy requires 30 hours every two years of ACPE approved continuing education or AES approved continuing education for license renewal. Copies of continuing education certificates or a list of continuing education courses may be requested by the Department.
2. In-service education at this hospital is provided at medical grand rounds. In-service education will be provided by pharmacy students, staff members and invited speakers.

Support Personnel

1. As part of an ongoing staff development program and pharmacy technicians are offered presentations by the staff pharmacists or pharmacy students on subjects pertinent to their jobs on an ad hoc basis and encouraged to take continuing education courses.
