Communication Disorders Department Policy and Procedure

**SUBJECT: DOCUMENTATION TIMELINES FOR SPEECH
PATHOLOGY**

**Policy No.: 520
Supersedes: May 1985
Revision Date: June, 2022
Page: 1 of 1**

PURPOSE

To state documentation timelines for speech-language pathology services.

POLICY

The speech-language pathologist is to comply with Communication Disorders Department documentation timelines for all assigned patients.

PROCEDURES

1. Documentation timelines for patients who are seen on a rehabilitation treatment program are as follows:
 - a. Inpatient: Within 48 hours of receipt of evaluation order, preliminary results of the assessment will be entered in the electronic medical record.
 - b. Outpatient: Within 48 hours of the evaluation session, preliminary results of the assessment will be entered in the electronic medical record.
 - c. Documentation of progress:
 1. Inpatients: A daily note is completed for each therapy session. The patient's progress for the week is summarized in the interdisciplinary team conference note, when applicable.
 2. Outpatients: A daily note will be completed for each patient visit. A progress note is required every 10 visits. For Medicare patients, a physician recertification is required every 90 days or when the Plan of Care must be revised, whichever comes first
 - d. Documentation of discharge evaluation will be recorded in the Medical Record on discharge day or within 24 hours following discharge from program.
 - e. Outpatient Discharge: After completion of discharge evaluation, the therapist will discharge the patient's encounter (FIN) within the PM Conversation solution by selecting Discharge Encounter.
