**RANCHO LOS AMIGOS NATIONAL REHABILITATION CENTER**  
Occupational Therapy and Recreation Therapy Department

**POLICY AND PROCEDURE**

<b>SUBJECT: AQUATIC THERAPY PROGRAM FECAL/EMESIS INCIDENT RESPONSE IN THE POOL</b>	<b>Policy No.:</b>	<b>321</b>
	<b>Revised:</b>	<b>August 2022</b>
	<b>Supersedes:</b>	<b>July 2022</b>
	<b>Page:</b>	<b>1 of 1</b>

**PURPOSE:**

Fecal/emesis accidents pose a health and safety risk to patrons. Pool closure is necessary for proper disinfection and protection of the health and safety of patients and other users of the pool.

**POLICY:**

Fecal/vomiting Accident Response in the pool

**PROCEDURE:**

1. Pool staff that are present in the pool area will direct everyone to leave the pool.
2. Pool staff will shut down the pool.
3. No one will be allowed to enter the contaminated pool until all decontamination procedures are completed.
4. Signage that indicates that pool cannot be used will be placed on all entrance doors of the pool.
5. Pool staff will call Facilities Management immediately who will manage the cleanup of the pool
6. Facilities Management, Aquatic Therapy Rehabilitation Tech and or Aquatic Therapy Supervisor will be responsible for contacting the contracted pool maintenance company, **Pacifica Pools** that is responsible for weekly pool maintenance.
7. Pool will be closed until Facilities Management notifies the Aquatic Therapy Supervisor that pool can be open for operation.
