Subject: GUIDELINES FOR SUPERVISION OF MEDICAL STUDENTS

Policy No.: A257.1

Supersedes: January 13, 2016

Review Date: January 11, 2023

Origin Date: May 22, 2014

Revision Date: January 11, 2023

PURPOSE:

To establish guidelines for supervision of the clinical duties of medical students during their clinical rotations at Rancho Los Amigos National Rehabilitation Center (RLANRC).

POLICY:

Medical students are unlicensed trainees. All clinic services rendered will be under the supervision of an attending physician and/or assigned resident or fellow.

PROCEDURE:

- All clinical duties performed by the medical student/trainee will require the direct supervision of an attending physician and/or resident or fellow.
- The supervising physician is credentialed and privileged in the clinical service for which they are supervising.
- Consistent with organizational policy, clinical notes are documented in the medical records, co-signed, and dated by the attending physician and/or resident or fellow.
