DEPARTMENT OF PEDIATRICS POLICY AND PROCEDURE

SUBJECT: MISSION AND VISION

Policy No.: P102
Supersedes: 12/2019
Reviewed: 06/2022
Page: 1 of 1

I. PURPOSE:

To define the Mission and Vision of the Department of Pediatrics.

II. MISSION:

To provide comprehensive, high quality, culturally sensitive patient centered care in a dynamic rehabilitative and medical environment and provide ongoing medical supervision for pediatric patients with congenital or acquired physical disabilities in both inpatient and outpatient settings.

III. VISION:

To be recognized for excellence in the delivery of care by empowering the patient, family and interdisciplinary team and to be the center of innovation and change that promotes patient wellness, safety and for each patient to achieve his/her maximum level of independence.
