MC928 Attachment A: Approved List and Designated Locations of Invasive Procedures performed Outside the Operating Room in IPT

Med/Surg Units	Treatment Rooms
C1E Jail unit	
C2E Behavioral Medicine Inpatient Unit	C2E 107
C3C OB/Gyn Inpatient Unit	C3C123
C3H OB/Gyn Triage	C3H 101/102
3G Nursery	
C4M – Progressive Care Unit	
C4F – Progressive Care Unit	
C5C - Progressive Care Unit	
C5D – Burn Unit	C5H 104/105
C6A – Med/surg inpatient unit	C6A 123
C6B – Med/surg inpatient unit	C6B 123
C6C – Med/surg inpatient unit	C6C 123
C6D – Med/surg inpatient unit	C6D 123
C7A – Med/surg inpatient unit	C7A 123
C7B – Med/surg inpatient unit	C7B 123
C7C – Med/surg inpatient unit	C7C 123
C7D – Med/surg inpatient unit	C7D 123
C7G – ENT, OMF, Optho Evaluation Unit	C7G 101, 102, 104, 105
C8A – Telemetry Unit	
C8B – Med/surg inpatient unit	C8B 140
C8C – Pediatric Med/surg inpatient unit	C8C 111
Intensive Care Unit	All ICUs

MC928 Attachment A: Approved List and Designated Locations of Invasive Procedures performed Outside the Operating Room in IPT

Procedure	Med/Surg Single Room	Med/Surg Double Room	Treatment Room or PCU	ICU
Abscess, Incision and Drainage (I&D) of superficial, subcutaneous abscess	x	x*	x	x
Anoscopy	x	x	x	x
Anterior chamber tap			7G, PCU	x
Arterial cannulation, arterial line placement				x
Arthrocentesis	x	x	x	x
Bartholin's gland or Bartholin's cyst duct abscess I&D	x	x	x	x
Biopsy, if written consent indicated	x	x	x	x
Botox Injections	x	x	x	x
Bronchoscopy				x
Cardioversion				x
Central venous catheters, non-tunneled placement	x		x	x
Chalazion, Incision and drainage	x		7G	x
Chest Tube placement	x	x	x	x
Closed reduction of Nasal Fractures	x	x	x	x
Colonoscopy				x
Continuous Renal Replacement Therapy (CRRT)				x
Corneal Scraping			7G, PCU	x
Cricothyroidotomy				x
CSF Shunt	x	x	x	x
Intrathecal administration of medications				
Cystoscopy	x		x	x
Debridement, if written consent indicated	x	x*	x	x
Decannulation (trach tube)	x	x	x	x
Dialysis catheter: central line non-tunneled (Groshong-like), peritoneal dialysis catheter placement	x		x	x
Dilatation and Evacuation (may include laminaria placement)	x	x	x	x
Endoscopic retrograde Cholangiopancreatography (ERCP)				x
Endoscopic ultrasound (EUS)				x
Enteroscopy				x
Epidural Catheter insertion or placement, Epidural Block	3B			x
Esofagogastroduodenoscopy (EGD)				x
Extracorporeal Circulatory Life Support Management (ECMO)				x

Los Angeles General Medical Center

MC928 Attachment A: Approved List and Designated Locations of Invasive Procedures performed Outside the Operating Room in IPT

Procedure	Med/Surg Single Room	Med/Surg Double Room	Treatment Room or PCU	ICU
Extraction of teeth	x	x	x	x
External Ventriculostomy Drain or monitoring device placement				x
Fasciotomy				x
Foreign body removal or removal of superficial/embedded foreign objects	x	x	x	x
Halo application, placement or removal, application of cranial tongs and cervical traction	Removal only	Removal only	x	x
Frenotomy	3G, 3C, 8C			x
Implantable Contraceptives, placement	x	x	x	x
Incision and Drainage Consider superficial soft tissue lesions, subcutaneous abscess,	x	x*	x	x
Interosseus catheter placement	x	x	x	x
Intra-aortic balloon pump (IAPB)				x
Intrathecal administration of medications	x	x	x	x
Intrauterine device (IUD) insertion or placement	x	x	x	x
Intubation, Airway, endotracheal, oral-nasal, rapid sequence, (Elective)				x
Intermaxillary Fixation Placement/Removal	Removal only		7G, PCU	x
Joint injections, intraarticular consider arthrocentesis, aspiration of joint	x	x	x	x
Laceration repair, if written consent indicated	x	x	x	x
Laparotomy				x
Laryngoscopy, direct, indirect, fiberoptic	x	x	x	x
Laser for Ophthalmology Procedures			7G, PCU	x
Lumbar Drain				x
Lumbar Puncture	x	x	x	x
Midline Catheter, placement	x		x	x
Moderate Sedation			3C, 8B, 8C, PCU	x
Muscle biopsy	x		x	x
Myringotomy – included in Otolaryngology Core Privileges	x		7G, PCU	x
Nasal Packing, anterior and/or posterior	x	x	x	x
Nerve Block, peripheral with and without catheter placement	x		x	x
Pan-Retinal Photocoagulation included in Ophthalmology Hospital Core privileges			7G, PCU	x

Los Angeles General Medical Center

MC928 Attachment A: Approved List and Designated Locations of Invasive Procedures performed Outside the Operating Room in IPT

Procedure	Med/Surg Single Room	Med/Surg Double Room	Treatment Room or PCU	ICU
Paracentesis	x	x	x	x
Patent Ductus Arteriosus (PDA) Ligation				x
Percutaneous Endoscopic gastrostomy tube placement				x
Percutaneous Inserted Central Line (PICC) placement	x		x	x
Pericardiocentesis				x
Peripheral nerve block, with and without catheter placement	x	x	x	x
Peritoneal dialysis catheter placement	x		x	x
Pressure Equalizer Tube placement included in Otolaryngology core privileges			7G, PCU	x
Pseudoaneurysm injection	x	x	x	x
Pulmonary artery catheterization placement				x
Radioactive iodine	7B only			
Rectal Biopsy				x
Renal biopsy, percutaneous	7D		x	x
Retrobulbar block Ophthalmology privileges			x	x
Rigid Nasopharyngoscopy or Rigid Rhinoscopy	x	x	x	x
Sigmoidoscopy				x
Suture: lacerations, repair or techniques, if written consent indicated	x	x	x	x
Tarsorrhaphy			7G, PCU	x
Tendon repair, primary or secondary, graft or transfer				x
Thoracentesis	x	x	x	x
Thoracotomy				x
Tracheostomy, including percutaneous				x
Traction pin placement included in Orthopedic core privileges	x	x	x	x
Transesophageal Echocardiography				x
Transvenous Pacemaker placement				x
Vaginal lacerations repair	x	x	x	x
Ventricular Assist Device, management of temporary device				x
Vitreous Tap			7G, PCU	x
Vocal Cord Injection			7G, PCU	x
Wound management, include wound vacuum, if written consent indicated.	x	x*	x	x

Los Angeles General Medical Center

MC928 Attachment A: Approved List and Designated Locations of Invasive Procedures performed Outside the Operating Room in IPT

Procedure	Med/Surg Single Room	Med/Surg Double Room	Treatment Room or PCU	ICU
Zygomatic Arch, Closed reduction	x	x	x	x

**Not to be performed in double rooms with two occupants if any known or suspected multidrug-resistant pathogens in the wound, including MRSA.*
