The use of roentgen rays and radioactive materials, for diagnostic and therapeutic purposes, and the use of electricity for surgical purposes, including cauterization, are not authorized under the term "physical therapy" as used in this chapter, and a license issued pursuant to this chapter does not authorize the diagnosis of disease.

(b) Nothing in this section shall be construed to restrict or prohibit other healing arts practitioners licensed or registered under this division from practice within the scope of their license or registration.

(a) In addition to receiving those services authorized by Section 2620, a person may initiate physical therapy treatment directly from a licensed physical therapist if the treatment is within the scope of practice of physical therapists, as defined in Section 2620, and all of the following conditions are met:

(1) If, at any time, the physical therapist has reason to believe that the patient has signs or symptoms of a condition that requires treatment beyond the scope of practice of a physical therapist or the patient is not progressing toward documented treatment goals as demonstrated by objective, measurable, or functional improvement, the physical therapist shall refer the patient to a person holding a physician and surgeon's certificate issued by the Medical Board of California or by the Osteopathic Medical Board of California or to a person licensed to practice dentistry, podiatric medicine, or chiropractic.

(4) The physical therapist shall not continue treating the patient beyond 45 calendar days or 12 visits, whichever occurs first, without receiving, from a person holding a physician and surgeon's certificate from the Medical Board of California or the Osteopathic Medical Board of California or from a person holding a certificate to practice podiatric medicine from the California Board of Podiatric Medicine and acting within his or her scope of practice, a dated signature on the physical therapist's plan of care indicating

approval of the physical therapist's plan of care. Approval of the physical therapist's plan of care shall include an in-person patient examination and evaluation of the patient's condition and, if indicated, testing by the physician and surgeon or podiatrist.

(b) The conditions in paragraph (4) of subdivision (a) do not apply to a physical therapist when he or she is only providing wellness physical therapy services to a patient as described in subdivision (a) of Section 2620.

(c) (1) This section does not expand or modify the scope of practice for physical therapists set forth in Section 2620, including the prohibition on a physical therapist diagnosing a disease.

(2) This section does not restrict or alter the scope of practice of any other health care professional.

(d) Nothing in this section shall be construed to require a health care service plan, insurer, workers' compensation insurance plan, employer, or state program to provide coverage for direct access to treatment by a physical therapist.

(e) When a person initiates physical therapy treatment services directly, pursuant to this section, the physical therapist shall not perform physical therapy treatment services without first providing the following notice to the patient, orally and in writing, in at least 14-point type and signed by the patient:

The board shall adopt regulations implementing this section after meeting and conferring with the Medical Board of California and the California State Board of Pharmacy specifying those topical medications applicable to the practice of physical therapy and protocols for their use. Nothing in this section shall be construed to authorize a physical therapist to prescribe medications.

A physical therapist may, upon specified authorization of a

physician and surgeon, perform tissue penetration for the purpose of evaluating neuromuscular performance as a part of the practice of physical therapy, as defined in Section 2620, provided the physical therapist is certified by the board to perform the tissue penetration and evaluation and provided the physical therapist does not develop or make diagnostic or prognostic interpretations of the data obtained. Any physical therapist who develops or makes a diagnostic or prognostic interpretation of this data is in violation of the Medical Practice Act (Chapter 5 (commencing with Section 2000) of Division 2), and may be subject to all of the sanctions and penalties set forth in that act.

Every licensee of the board shall be governed and controlled by the rules and standards adopted by the board.

2630. It is unlawful for any person or persons to practice, or offer to practice, physical therapy in this state for compensation received or expected, or to hold himself or herself out as a physical therapist, unless at the time of so doing the person holds a valid, unexpired, and unrevoked physical therapist license issued under this chapter, except as authorized by subdivisions (c), (d), (e), and (g) of Section 2630.5.

(a) (1) Every graduate of an approved physical therapy education program who has filed a complete application, as defined in regulation, for licensure with the board and has been awarded either physical therapist license applicant status or physical therapist assistant license applicant status shall practice under the supervision of a licensed physical therapist pursuant to this chapter for no more than 120 days pending the results of the first licensing examination administered. If the applicant passes the examination, the physical therapist license applicant status or physical therapist assistant license applicant status shall remain in effect until a regular renewable license is issued, or licensure is denied, by the board. A supervising physical therapist shall document receipt of the letter authorizing the physical therapist license applicant status or physical therapist assistant license applicant status and record the expiration date of that status in the employee record. A supervising physical therapist shall require the applicant to provide documentation of the license issued at the conclusion of the physical therapist license applicant status or physical therapist assistant license applicant status. During this period the applicant shall identify himself or herself only as "physical therapist license applicant" or "physical therapist assistant license applicant," as appropriate.

(2) A person shall not be considered a graduate unless he or she has successfully completed all the clinical training and internship required for graduation from the education program.

(b) A physical therapist license applicant who has been awarded license applicant status may perform as a physical therapist if he or she is under the supervision of a physical therapist licensed by the board. A physical therapist assistant license applicant who has been awarded license applicant status may perform as a physical therapist assistant if he or she is under the supervision of a physical therapist licensed by the board. The applicant shall comply with any requirements applicable to the license for which he or she applied. An applicant may not perform in those capacities if he or she fails

the first examination attempt.

2639.1. A person having, in the opinion of the board, training or experience, or a combination of training and experience, equivalent to that obtained in an approved physical therapist assistant education program and who meets the requirements of Section 2635 may apply for licensure as a physical therapist assistant.

BUSINESS AND PROFESSIONS CODE

SECTION 2644-2649

2644. (a) Every license issued under this chapter shall expire at 12 a.m. on the last day of the birth month of the licensee during the second year of a two-year term, if not renewed.

(b) To renew an unexpired license, the licensee shall, on or before the date on which it would otherwise expire, apply for renewal on a form prescribed by the board, pay the prescribed renewal fee, and submit proof of the completion of continuing competency required by the board pursuant to Section 2649. The licensee shall disclose on his or her license renewal application any misdemeanor or other criminal offense for which he or she has been found guilty or to which he or she has pleaded guilty or no contest.

2645. At least 60 days before the expiration of any license, the board shall mail to each licensee under this chapter, at the latest address furnished by the licensee to the board, a notice stating the amount of the renewal fee and the date on which it is due, and that failure to pay it on or before the due date shall result in expiration of the license.

2646. A license that has expired may be renewed at any time within five years after its expiration by applying for renewal as set forth in Section 2644. Renewal under this section shall be effective on the date on which the renewal application is filed, on the date on which the renewal fee or accrued renewal fees are paid, or on the date on which the delinquency fee and penalty fee, if any, are paid, whichever last occurs. A renewed license shall continue in effect through the expiration date set forth in Section 2644 that next occurs after the effective date of the renewal, at which time it shall expire and become invalid if it is not so renewed.

2647. A person who fails to renew his or her license within five years after its expiration may not renew it, and it shall not be reissued, reinstated, or restored thereafter. However, the person may apply for a new license if he or she satisfies the requirements set forth in Article 3 (commencing with Section 2635).

2648. (a) A licensee is exempt from the payment of the renewal fee while engaged in full-time training or active service in the United States Army, Navy, Air Force, Marines, or Coast Guard, or in the United States Public Health Service.

(b) A person exempted from the payment of the renewal fee by this section shall not engage in any practice of, or assistance in the provision of, physical therapy not related to his or her military

service and shall become liable for payment of the fee for the current renewal period upon his or her discharge from full-time active service and shall have a period of 60 days after becoming liable within which to pay the renewal fee before the delinquency fee is required. Any person who is discharged from active service within 60 days of the end of the renewal period is exempt from the payment of the renewal fee for that period.

(c) The time spent in full-time active service or training shall not be included in the computation of the five-year period for renewal and reinstatement of licensure provided in Section 2646.

(d) A person exempt from renewal fees under this section shall not be exempt from meeting the requirements of Section 2649.

A licensee who demonstrates to the satisfaction of the board that he or she is unable to practice, or assist in the provision of, physical therapy due to a disability may request a waiver of the license renewal fee. The granting of a waiver shall be at the discretion of the board and may be terminated at any time. Waivers shall be based on the inability of a licensee to practice, or assist in the provision of, physical therapy. A licensee whose renewal fee has been waived pursuant to this section shall not engage in the practice of, or assist in the provision of, physical therapy unless and until the licensee pays the current renewal fee and does either of the following:

(a) Establishes to the satisfaction of the board, on a form prescribed by the board and signed under penalty of perjury, that the licensee's disability either no longer exists or does not affect his or her ability to practice, or assist in the provision of, physical therapy safely.

(b) Signs an agreement, on a form prescribed by the board and signed under penalty of perjury, to limit his or her practice of, or assistance in the provision of, physical therapy in the manner prescribed by his or her reviewing physician.

(c) A person exempt from renewal fees under this section shall not be exempt from meeting the requirements of Section 2649.

2648.5. (a) The renewal fee shall be waived for licensees residing in California who certify to the board that license renewal is for the sole purpose of providing voluntary, unpaid physical therapy services.

(b) A person exempt from renewal fees under this section shall not be exempt from meeting the requirements of Section 2649.

2648.7. A licensee is exempt from the payment of the renewal fee and from meeting the requirements set forth in Section 2649 if he or she has applied to the board for retired license status. A holder of a license in retired status pursuant to this section shall not engage in the practice of, or assist in the provision of, physical therapy unless the licensee applies for renewal and meets all of the requirements as set forth in Section 2644.

2649. (a) A person renewing his or her license shall submit proof satisfactory to the board that, during the preceding two years, he or she has completed the required number of continuing education hours established by regulation by the board, or such other proof of continuing competency as the board may establish by regulation. Required continuing education shall not exceed 30 hours every two years.

(b) The board shall adopt and administer regulations including, but not limited to, continuing education intended to ensure the continuing competency of persons licensed pursuant to this chapter. The board may establish different requirements for physical therapists and physical therapist assistants. The board may not require the completion of an additional postsecondary degree or successful completion of an examination as a condition of renewal, but may recognize these as demonstrative of continuing competency. This program shall include provisions requiring random audits of licensees in order to ensure compliance.

(c) The administration of this section may be funded through professional license fees, continuing education provider fees, and recognized approval agency fees. The fees shall not exceed the amounts necessary to cover the actual costs of administering this section.

BUSINESS AND PROFESSIONS CODE

SECTION 2650-2654

2650. (a) The physical therapist education requirements are as follows:

(2) Unless otherwise specified by the board by regulation, the educational requirements shall include instruction in the subjects prescribed by the Commission on Accreditation in Physical Therapy Education (CAPTE) of the American Physical Therapy Association or Physiotherapy Education Accreditation Canada and shall include a combination of didactic and clinical experiences. The clinical experience shall include at least 18 weeks of full-time experience with a variety of patients.

(b) The physical therapist assistant educational requirements are as follows:

(1) Except as otherwise provided in this chapter, each applicant for a license as a physical therapist assistant shall be a graduate of a physical therapist assistant program of an accredited postsecondary institution or institutions approved by the board, and shall have completed both the academic and clinical experience required by the physical therapist assistant program, and have been awarded an associate degree.

(2) Unless otherwise specified by the board by regulation, the educational requirements shall include instruction in the subjects prescribed by the CAPTE of the American Physical Therapy Association or Physiotherapy Education Accreditation Canada or another body as may be approved by the board by regulation and shall include a combination of didactic and clinical experiences.

2651. The board shall approve only those physical therapist and physical therapist assistant education programs that prove to the satisfaction of the board that they comply with the minimum physical therapist or physical therapist assistant educational requirements set forth in this chapter and adopted by the board pursuant to this chapter. Physical therapist and physical therapist assistant education programs that are accredited by the Commission on Accreditation in Physical Therapy Education of the American Physical Therapy Association, Physiotherapy Education Accreditation Canada, or such other body as may be approved by the board by regulation shall be deemed approved by the board unless the board determines otherwise. This chapter shall not prohibit the board from disapproving any foreign physical therapist or physical therapist assistant educational program or from denying an applicant if, in the opinion of the board, the instruction received by the applicant or the courses offered by the program were not equivalent to that which is required by this chapter.

2653. An applicant for a license as a physical therapist who has graduated from a physical therapist education program that is not approved by the board and is not located in the United States shall do all of the following:

(a) Furnish documentary evidence satisfactory to the board, that he or she has completed a professional degree in a physical therapist educational program substantially equivalent at the time of his or her graduation to that issued by a board approved physical therapist education program. The professional degree must entitle the applicant to practice as a physical therapist in the country where the diploma was issued. The applicant shall meet the educational requirements set forth in paragraph (2) of subdivision (a) of Section 2650. The board may require an applicant to submit documentation of his or her education to a credentials evaluation service for review and a report to the board.

(b) Demonstrate proficiency in English by achieving a score specified by the board on the Test of English as a Foreign Language administered by the Educational Testing Services or such other examination as may be specified by the board by regulation.

(c) Complete nine months of clinical service in a location approved by the board under the supervision of a physical therapist licensed by a United States jurisdiction, in a manner satisfactory to the board. The applicant shall have passed the written examination required in Section 2636 prior to commencing the period of clinical service. The board shall require the supervising physical therapist to evaluate the applicant and report his or her findings to the board. The board may in its discretion waive all or part of the required clinical service pursuant to guidelines set forth in its regulations. During the period of clinical service, the applicant shall be identified as a physical therapist license applicant. If an applicant fails to complete the required period of clinical service, the board may, for good cause shown, allow the applicant to complete another period of clinical service.

2654. If an applicant who has graduated from a physical therapist education program that is not approved by the board and is not located in the United States does not qualify to take the physical therapist examination, his or her education may be evaluated by the board and the applicant may be eligible to take the physical therapist assistant examination.

A patient, client, or customer of a licentiate under this chapter is conclusively presumed to be incapable of giving free, full, and informed consent to any sexual activity which is a violation of Section 726.

(a) The board may refuse a license to any applicant guilty of unprofessional conduct or sexual activity referred to in Section 2660.1. The board may, in its sole discretion, issue a public letter of reprimand or may issue a probationary license to any applicant for a license who is guilty of unprofessional conduct but who has met all other requirements for licensure. The board may issue the license

subject to any terms or conditions not contrary to public policy, including, but not limited to, the following:

- (1) Medical or psychiatric evaluation.
- (2) Continuing medical or psychiatric treatment.
- (3) Restriction of the type or circumstances of practice.
- (4) Continuing participation in a board-approved rehabilitation program.

The action shall be final, except that the propriety of the action is subject to review by the superior court pursuant to Section 1094.5 of the Code of Civil Procedure.

(c) In lieu of refusing a license, the board may, upon stipulation or agreement by the licensee, issue a public letter of reprimand after it has conducted an investigation or inspection as provided for in this chapter. The public letter of reprimand may include a requirement for specified training or education, and cost recovery for investigative costs. The board shall notify the licensee of its intention to issue the letter 30 days before the intended issuance date of the letter. The licensee shall indicate in writing at least 15 days prior to the letter's intended issuance date whether he or she agrees to the issuance of the letter. The board, at its option, may extend the time within which the licensee may respond to its notification. If the licensee does not agree to the issuance of the letter, the board shall not issue the letter and may proceed to file the accusation. The board may use a public letter of reprimand only for minor violations, as defined by the board, committed by the applicant. A public letter of reprimand issued pursuant to this section shall be disclosed by the board to an inquiring member of the public and shall be posted on the board's Internet Web site.

In lieu of filing or prosecuting a formal accusation against a licensee, the board may, upon stipulation or agreement by the licensee, issue a public letter of reprimand after it has conducted an investigation or inspection as provided for in this chapter. The public letter of reprimand may include a requirement for specified training or education, and cost recovery for investigative costs. The board shall notify the licensee of its intention to issue the letter 30 days before the intended issuance date of the letter. The licensee shall indicate in writing at least 15 days prior to the letter's intended issuance date whether he or she agrees to the issuance of the letter. The board, at its option, may extend the time within which the licensee may respond to its notification. If the licensee does not agree to the issuance of the letter, the board shall not issue the letter and may proceed to file the accusation. The board may use a public letter of reprimand only for minor violations, as defined by the board, committed by the licensee. A public letter of reprimand issued pursuant to this section shall be disclosed by the board to an inquiring member of the public and shall be posted on the board's Internet Web site.

A licensee who fails or refuses to comply with a request from the board for the medical records of a patient, that is accompanied by that patient's written authorization for release of records to the board, within 15 days of receiving the request and authorization shall pay to the board a civil penalty of one thousand dollars (\$1,000) per day for each day that the records have not been produced after the 15th day, unless the licensee is unable to provide the records within this time period for good cause.

The board shall deny a physical therapist license or physical therapist assistant license to an applicant who is required to register pursuant to Section 290 of the Penal Code. This section does not apply to an applicant who is required to register as a sex offender pursuant to Section 290 of the Penal Code solely because of a misdemeanor conviction under Section 314 of the Penal Code.

In addition to the penalties prescribed by Section 123, if the board determines that an applicant for licensure or a licensee has engaged, or has attempted to engage, in conduct that subverts or undermines the integrity of the examination process as described in Section 123, the board may disqualify the applicant from taking the examination or may deny his or her application for licensure or may revoke the license of the licensee.

A licensee whose matter has been heard by an administrative law judge of the Medical Quality Hearing Panel as designated in Section 11371 of the Government Code, or whose default has been entered or who has entered into a stipulation for disciplinary action with the board, may, in accordance with the provisions of this chapter:

- (a) Have his or her license revoked upon order of the board.
- (b) Have his or her right to practice suspended for a period not to exceed one year upon order of the board.
- (c) Be placed on probation and required to pay the costs of probation monitoring upon order of the board.
- (d) Be publicly reprimanded by the board.
- (e) Be required to surrender his or her license based on an order of the board.
- (f) Have any other action taken in relation to discipline as part of an order of probation, as the board or an administrative law judge may deem proper.

2661. A plea or verdict of guilty or a conviction following a plea of nolo contendere is deemed to be a conviction within the meaning of this article. The board may order discipline of the licensee in accordance with Section 2660 or the board may take action as authorized in Section 2660.2 on an application when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of sentence, irrespective of a subsequent order under Section 1203.4 of the Penal Code allowing that person to withdraw his

or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment.

(a) In any order issued in resolution of a disciplinary proceeding before the board, the board may request the administrative law judge to direct any licensee found guilty of unprofessional conduct to pay to the board a sum not to exceed the actual and reasonable costs of the investigation and prosecution of the case.

(b) The costs to be assessed shall be fixed by the administrative law judge and shall not in any event be increased by the board. When the board does not adopt a proposed decision and remands the case to an administrative law judge, the administrative law judge shall not increase the amount of the assessed costs specified in the proposed decision.

(c) When the payment directed in an order for payment of costs is not made by the licensee, the board may enforce the order of payment by bringing an action in any appropriate court. This right of enforcement shall be in addition to any other rights the board may have as to any licensee directed to pay costs.

(d) In any judicial action for the recovery of costs, proof of the board's decision shall be conclusive proof of the validity of the order of payment and the terms for payment.

(e) (1) Except as provided in paragraph (2), the board shall not renew or reinstate the license or approval of any person who has failed to pay all of the costs ordered under this section.

(2) Notwithstanding paragraph (1), the board may, in its discretion, conditionally renew or reinstate for a maximum of one year the license or approval of any person who demonstrates financial hardship and who enters into a formal agreement with the board to reimburse the board within that one year period for those unpaid costs.

(f) All costs recovered under this section shall be deposited in the Physical Therapy Fund as a reimbursement in either the fiscal year in which the costs are actually recovered or the previous fiscal year, as the board may direct.

(a) The board shall establish a probation monitoring program to monitor probationary licenses.

(b) The program may employ nonpeace officer staff to perform its probation monitoring.

(c) The program shall be funded with moneys in the Physical Therapy Fund.

(a) A person whose license has been revoked or suspended, or who has been placed on probation, may petition the board for reinstatement or modification of penalty, including modification or termination of probation, after a period of not less than the following minimum periods has elapsed from the effective date of the decision ordering that disciplinary action:

(1) At least three years for reinstatement of a license or approval revoked for unprofessional conduct, except that the board may, for good cause shown, specify in a revocation order that a petition for reinstatement may be filed after two years.

(2) At least two years for early termination or one year for modification of a condition of probation of three years or more.

(3) At least one year for reinstatement of a license revoked for mental or physical illness, or for modification of a condition, or termination of probation of less than three years.

(b) The petition shall state any facts as may be required by the board. The petition shall be accompanied by at least two verified recommendations from physical therapists licensed by the board who have personal knowledge of the activities of the petitioner since the disciplinary penalty was imposed.

(c) The petition may be heard by the board. The board may assign the petition to an administrative law judge designated in Section 11371 of the Government Code. After a hearing on the petition, the administrative law judge shall provide a proposed decision to the board that shall be acted upon in accordance with the Administrative Procedure Act.

(d) The board or the administrative law judge hearing the petition may consider all activities of the petitioner since the disciplinary action was taken, the offense for which the petitioner was disciplined, the petitioner's activities during the time the license was in good standing, and the petitioner's rehabilitative efforts, general reputation for truth, and professional ability. The hearing may be continued, as the board or the administrative law judge designated in Section 11371 of the Government Code finds necessary.

(e) The administrative law judge designated in Section 11371 of the Government Code when hearing a petition for reinstating a license, or modifying a penalty, may recommend the imposition of any terms and conditions deemed necessary.

(f) No petition shall be considered while the petitioner is under sentence for any criminal offense, including any period during which the petitioner is on court-imposed probation or parole. No petition shall be considered while there is an accusation or petition to revoke probation pending against the petitioner. The board may deny, without a hearing or argument, any petition filed pursuant to this section within a period of two years from the effective date of the prior decision following a hearing under this section.

(g) Nothing in this section shall be deemed to alter Sections 822 and 823.

BUSINESS AND PROFESSIONS CODE

SECTION 2662-2669

2662. It is the intent of the Legislature that the board shall seek ways and means to identify and rehabilitate physical therapists and physical therapist assistants whose competency is impaired due to abuse of dangerous drugs or alcohol so that they may be treated and returned to the practice of physical therapy in a manner which will not endanger the public health and safety.

2663. The board shall establish and administer a substance abuse rehabilitation program, hereafter referred to as the rehabilitation program, for the rehabilitation of physical therapists and physical therapist assistants whose competency is impaired due to the abuse of drugs or alcohol. The board may contract with any other state agency or a private organization to perform its duties under this article. The board may establish one or more rehabilitation evaluation committees to assist it in carrying out its duties under this article. Any rehabilitation evaluation committee established by the board shall operate under the direction of the rehabilitation program manager, as designated by the executive officer of the board. The program manager has the primary responsibility to review and evaluate recommendations of the committee.

2664. (a) Any rehabilitation evaluation committee established by the board shall have at least three members. In making appointments to a rehabilitation evaluation committee, the board shall consider the appointment of persons who are either recovering from substance abuse and have been free from substance abuse for at least three years immediately prior to their appointment or who are knowledgeable in the treatment and recovery of substance abuse. The board also shall consider the appointment of a physician and surgeon who is board certified in psychiatry.

(b) Appointments to a rehabilitation evaluation committee shall be by the affirmative vote of a majority of members appointed to the board. Each appointment shall be at the pleasure of the board for a term not to exceed four years. In its discretion, the board may stagger the terms of the initial members so appointed.

(c) A majority of the members of a rehabilitation evaluation committee shall constitute a quorum for the transaction of business. Any action requires an affirmative vote of a majority of those members present at a meeting constituting at least a quorum. Each rehabilitation evaluation committee shall elect from its membership a chairperson and a vice chairperson. Notwithstanding the Bagley-Keene Open Meeting Act (Article 9 (commencing with Section 11120) of Chapter 1 of Part 1 of Division 3 of Title 2 of the Government Code), relating to public meetings, a rehabilitation evaluation committee may convene in closed session to consider matters relating to any physical therapist or physical therapist assistant applying for or participating in a rehabilitation program, and a meeting which will be convened entirely in closed session need not comply with Section 11125 of the Government Code. A rehabilitation evaluation committee

shall only convene in closed session to the extent it is necessary to protect the privacy of an applicant or participant. Each member of a rehabilitation evaluation committee shall receive a per diem and shall be reimbursed for expenses as provided in Section 103.

2665. Each rehabilitation evaluation committee has the following duties and responsibilities:

(a) To evaluate physical therapists and physical therapist assistants who request participation in the rehabilitation program and to make recommendations. In making recommendations, the committee shall consider any recommendations from professional consultants on the admission of applicants to the rehabilitation program.

(b) To review and designate treatment facilities to which physical therapists and physical therapist assistants in the rehabilitation program may be referred.

(c) To receive and review information concerning physical therapists and physical therapist assistants participating in the program.

(e) To consider whether each participant in the rehabilitation program may with safety continue or resume the practice of physical therapy.

(f) To set forth in writing the terms and conditions of the rehabilitation agreement that is approved by the program manager for each physical therapist and physical therapist assistant participating in the program, including treatment, supervision, and monitoring requirements.

(g) To hold a general meeting at least twice a year, which shall be open and public, to evaluate the rehabilitation program's progress, to prepare reports to be submitted to the board, and to suggest proposals for changes in the rehabilitation program.

(h) For the purposes of Division 3.6 (commencing with Section 810) of Title 1 of the Government Code, any member of a rehabilitation evaluation committee shall be considered a public employee. No board or rehabilitation evaluation committee member, contractor, or agent thereof, shall be liable for any civil damage because of acts or omissions which may occur while acting in good faith in a program established pursuant to this article.

2666. (a) Criteria for acceptance into the rehabilitation program shall include all of the following:

(1) The applicant shall be licensed as a physical therapist or as a physical therapist assistant by the board and shall be a resident of California.

(2) The applicant shall be found to abuse dangerous drugs or alcoholic beverages in a manner that may affect his or her ability to practice physical therapy safely or competently.

(3) The applicant shall have voluntarily requested admission to the program or shall be accepted into the program in accordance with terms and conditions resulting from a disciplinary action.

(4) The applicant shall agree to undertake any medical or

psychiatric examination ordered to evaluate the applicant for participation in the program.

(5) The applicant shall cooperate with the program by providing medical information, disclosure authorizations, and releases of liability as may be necessary for participation in the program.

(6) The applicant shall agree in writing to cooperate with all elements of the treatment program designed for him or her.

Any applicant may be denied participation in the program if the board, the program manager, or a rehabilitation evaluation committee determines that the applicant will not substantially benefit from participation in the program or that the applicant's participation in the program creates too great a risk to the public health, safety, or welfare.

(b) A participant may be terminated from the program for any of the following reasons:

(1) The participant has successfully completed the treatment program.

(2) The participant has failed to comply with the treatment program designated for him or her.

(3) The participant fails to meet any of the criteria set forth in subdivision (a) or (c).

(4) It is determined that the participant has not substantially benefited from participation in the program or that his or her continued participation in the program creates too great a risk to the public health, safety, or welfare. Whenever an applicant is denied participation in the program or a participant is terminated from the program for any reason other than the successful completion of the program, and it is determined that the continued practice of physical therapy by that individual creates too great a risk to the public health, safety, and welfare, that fact shall be reported to the executive officer of the board and all documents and information pertaining to and supporting that conclusion shall be provided to the executive officer. The matter may be referred for investigation and disciplinary action by the board. Each physical therapist or physical therapy assistant who requests participation in a rehabilitation program shall agree to cooperate with the recovery program designed for him or her. Any failure to comply with that program may result in termination of participation in the program.

The rehabilitation evaluation committee shall inform each participant in the program of the procedures followed in the program, of the rights and responsibilities of a physical therapist or physical therapist assistant in the program, and the possible results of noncompliance with the program.

(c) In addition to the criteria and causes set forth in subdivision (a), the board may set forth in its regulations additional criteria for admission to the program or causes for termination from the program.

2668. (a) A fee to cover the actual cost of administering the program shall be charged for participation in the program. If the board contracts with any other entity to carry out this article, at

the discretion of the board, the fee may be collected and retained by that entity.

(b) If the board contracts with any other entity to carry out this section, the executive officer of the board, or his or her designee, shall review the activities and performance of the contractor on a biennial basis. As part of this review, the board shall review files of participants in the program. However, the names of participants who entered the program voluntarily shall remain confidential, except when the review reveals misdiagnosis, case mismanagement, or noncompliance by the participant.

(c) Subdivision (a) shall apply to all new participants entering into the board's rehabilitation program on or after January 1, 2007. Subdivision (a) shall apply on and after January 1, 2008, to participants currently enrolled as of December 31, 2007.

2669. Participation in a rehabilitation program shall not be a defense to any disciplinary action that may be taken by the board. This section does not preclude the board from commencing disciplinary action against a physical therapist or physical therapist assistant who is terminated unsuccessfully from the program. That disciplinary action may not include as evidence any confidential information.
