## SCHOOL OF NURSING

### PROGRAM OBJECTIVES

Upon program completion, the graduate, as an entry level registered nurse provides and manages client-centered nursing care by:

1. Applying the nursing process when safely caring for clients across the health-illness continuum throughout the life span in a variety of healthcare settings.
2. Communicating effectively and appropriately when interacting with individuals, families, groups, communities, colleagues, and other healthcare disciplines to achieve optimal health outcomes.
3. Collaborating with individuals, families, groups, communities, colleagues and other health care disciplines to achieve optimal health outcomes in a cost-effective manner.
4. Demonstrating leadership, accountability, and advocacy within legal, ethical and professional standards as a nurse and as a contributing member of society.
5. Formulating individualized client care plans using critical thinking skills based upon relevant scientific knowledge, and evidence-based practices, and interpretation of clinical information.
6. Educating client/family to promote preventative and restorative health measures.
7. Demonstrating awareness and respect for diverse sociocultural values and beliefs.
