

DEPARTMENT OF HEALTH SERVICES
COUNTY OF LOS ANGELES

SUBJECT: EMS COMMUNICATIONS

POLICY NO. 207

PURPOSE:: To establish and maintain a coordinated communications network which links the personnel, facilities, and equipment of the EMS System for emergency and disaster situations.

POLICY:: Communications required for an emergency medical services system shall be identified and established by the Department's EMS Systems working in cooperation with the Department of Communications.

In cooperation with the Department of Communications, the EMS Systems of the Department will assure that all communications are interconnected to a County-wide communications network.

AUTHORITY:: Public Law 93-154, Emergency Systems Act of 1973
California Emergency Medical Services Act (1975)
California Emergency Plan (1972)
California Health & Safety Code, Section 458

EFFECTIVE DATE: Nov 24, 1975
