

DEPARTMENT OF HEALTH SERVICES
COUNTY OF LOS ANGELES

SUBJECT: STUDENT PLACEMENT AND CLINICAL AFFILIATIONS

POLICY NO. 292

PURPOSE:: To outline areas of responsibility in the placement of students in Department programs.

POLICY:: The Office of Manpower Development shall have the responsibility for overall coordination and planning of student placements and clinical affiliation in close liaison with regional staff.

Whenever the Director of Health Services deems it appropriate, regional staff may be delegated direct responsibility for the coordination of clinical placements in liaison with the Office of Manpower Development.

Academic appointment by the university of college in recognition of academic functions shall be conferred on designated clinical coordinators in the Department of Health Services.

GUIDE:: Placement of students in the Department shall be prefaced by careful planning involving both the faculty of the academic institution and supervisory staffs of the Department.

Priority for placement will be given to students from fully accredited educational facilities and to non-profit educational institutions.

Student placements and clinical affiliations must reflect Departmental and Regional affirmative action policy and goals.
